The image shows the Scratch Jr software interface. At the top left is the 'SCRATCH JR' logo. Below it is a home icon. The main workspace is a farm scene with a pink pig, a red tractor, and a blue circle containing the letter 't'. On the left, there is a palette with assets: a pig, a tractor, a character with the letter 't', and a tree. On the right, there is a script area with a plus sign and a preview window showing the scene with a '1' in the top right corner. At the bottom, there is a toolbar with various icons for actions like speaking, moving, and looping.

A sequence of Scratch Jr script blocks: a yellow 'say' block, a yellow 'move' block, a yellow 'wait' block (5 seconds), a purple 'say' block (1 second), a yellow 'wait' block (5 seconds), and a yellow 'repeat' block (6 times).
