

The image shows the Scratch Jr. interface for a project titled "Hibernation (Advanced) Codesheets". The stage displays a winter scene with a girl standing next to a cave, trees, and a yellow speech bubble that says "Spring is coming". The left sidebar shows character options: a cave, a polar bear, a hedgehog, and a fruit basket. The bottom code area contains two scripts:

- Script 1:
 - when green flag clicked
 - say Spring is coming for 10 seconds
 - repeat 1 times
 - say Spring is coming for 10 seconds
- Script 2:
 - when green flag clicked
 - say Spring is coming for 10 seconds
 - repeat 1 times
 - say Spring is coming for 10 seconds

Spring
