

# Spinning Superhero (Advanced)

The workspace shows a city scene with a superhero flying in the sky and a child on the ground. The toolbar includes icons for home, camera, undo, redo, and other Scratch Jr functions.

The script area shows a sequence of blocks for a character:

- Start with a character icon.
- Go to flag clicked (1)
- Move up 1
- Move right 8
- Move down 1
- Wait 5
- Move right 2
- Move up 1
- Move right 7
- Move down 1
- Wait 5
- Turn right 2
- Move left 2
- Move down 7
- Wait 10

Below the main script, there are two additional blocks: a yellow 'Go to flag clicked' block and a green 'Say for 2' block.
